# Explanatory note

If P&C Insurance AS (the Company, If) is a wholly owned subsidiary of the If P&C Insurance Holding Ltd (publ), the parent company of the leading Nordic property and casualty insurance group, which in turn is owned by the Finnish company Sampo plc. Sampo plc is listed on the Helsinki, Stockholm and Copenhagen Stock Exchange. The Sampo Group consists of the parent company Sampo plc and its wholly owned subsidiaries If P&C Insurance Holding Ltd (publ) and Hastings Group Ltd.

If has been offering property and casualty insurance to private individuals and corporate customers in the Baltic markets since 1992. Across the Baltic countries, If has approximately 375,000 policyholders and is one of the leading P&C companies in Estonia and is among top 5 companies in Latvia and Lithuania. If's products include Property, Liability, Motor, Marine & Transport and Accident & Health insurance.

The Company is registered in Estonia and operates in Latvia and Lithuania through branches. The current corporate structure enables efficient operations with some shared business functions across all three Baltic countries.

This interim report includes the financial indicators of the Estonian unit operated by If P&C Insurance AS and the Latvian and Lithuanian branches.

#### Results from operations January-March 2025

Net profit for the period has showed significant increase compared to preceding year and amounted to €11,6 million (€4,2 million in 3 months 2024). Profit from Insurance Service result was €10,3 million (€4,9 million in 3 months 2024), corresponding to a combined ratio of 82.6% (91.6% in 3 months 2024).

#### Insurance revenue, gross

Insurance revenue gross for the period grew by ca. 2% reaching €60,8 million (€59,5 million in 3 months 2024).

The premium development was attributable to successful acquisition of new customers and solid renewals of existing customers, both in Private and Commercial small- and medium customer segments.

#### **Insurance Service expense**

Insurance Service expense, claims incurred, including claims handling cost, amounted to €38,0 million (€40,7 million in 3 months 2024), corresponding to a loss ratio of 60,3% (69.1% in 3 months 2024). The change was primarily attributable to high large claims cost.

Continuous efficiency improvements and tight cost control, supported by digitalization and automation of customer integration processes, reduced the expense ratio to 22.3% (22,5% in 3 months 2024).

Total operating expenses, excluding claims handling expenses, increased to €13,2 million (€13,1 million in 3 months 2024), mainly driven by salary inflation and increase in commissions and fees related to business volumes.

#### Investment result

The value of financial investments was €365,3 million at the end of Q1 2025 (€345,8 million at the end of 2024).

Q1 2025 saw central banks diverge in their approach, with the Federal reserve pausing rate cuts at 4.25-4.50%, while the ECB lowered its key rate from 3.00% to 2.50% amid slowing inflation. Market volatility rose as US data surprised to the upside and concerns grew over potential new US tariffs. In Europe, major fiscal spending announcements from Germany and the EU triggered a sharp move higher in EUR yields, reflecting market reactions to the anticipated rise in public spending and borrowing. Credit spreads remained resilient but started to level off after last year's rally.

In Q1, we purchased investment-grade bonds into the portfolio for  $\le$ 44.2 million in total, with average deal rate of 3.45% and average maturity of 7.5 years. We sold shorter-term bonds for  $\le$ 12.2million in connection with extensions into longer-term bonds. Due to the postponed dividend payment, we rolled over  $\le$ 25 million of our maturing  $\le$  30 million 3-month money market investments in CDs into a new 1-month CD at 2.435% yield. Bond redemptions during the quarter were  $\le$ 6.8 million. In total, net investments in the portfolio were  $\le$ 20.2 million in Q1. Allocations from insurance operations were  $\le$ 7 m. Cash weight decreased from 7.6% in the end of Q4 to 4.7% in the end of Q1.

The duration in the fixed income portfolio increased to 2.9 years in Q1 from 2.4 in the previous quarter.

Running yield increased to 2.8% from 2.7% in Q4. Mark to market yield was unchanged at 3.1%. Return in the fixed income portfolio was +0.5% in Q1, dampened by rising underlying interest rates. In absolute terms, fixed income result was €2.0 million in Q1. As there were no other investment expenses in Q1, total investment return and result in Q1 were +0.5% and €2.0 million.

Our investment focus remains unchanged and we will continue to look for opportunities in European investment-grade bonds. With risks building and limited scope for further tightening, we maintain a cautious stance and selective approach across sectors and issuers.

#### Insurance finance income/expense

The insurance finance income/expense (-) net result is mostly affected by the change in discount rate.

#### Number of employees

As at 31 March 2025, the number of full-time employees was 603 (31.12.2024 614).

## Key activities of If P&C Insurance AS and its branches

If P&C Insurance AS continues to drive forward in the Baltic markets with a clear focus on innovation, sustainability, and community engagement. In the first quarter of 2025, we launched several new initiatives that reflect our evolving priorities and growing impact:

We introduced a refreshed employer branding strategy, "Insure Your Growth". As part of our continued support for Ukraine, we matched employee donations, doubling the total contribution and reinforcing our commitment to meaningful social responsibility. We focused on key topics such as electric vehicle awareness, pet insurance, and loss prevention - areas we are actively promoting across all three Baltic countries. We proudly began a new sponsorship with the "Ignitis ON EV Race: Baltics", an electric car race promoting sustainability, innovation, and clean mobility throughout the region. In Estonia, we continued our sponsorship of the project "Successful Estonia", supporting initiatives that inspire local achievement and development.

We also launched a collaboration with Boop in Latvia, expanding our partnerships with innovative local brands aligned with customer lifestyle trends. Additionally in Latvia, we kicked off a new campaign with Pet City, focusing on the wellbeing and protection of pets. These new initiatives reflect our forward-thinking approach and strong commitment to employees, communities, and customers across the Baltics. At If P&C Insurance AS, we continue to grow with purpose - empowering people, promoting sustainable practices, and building trust through action.

#### Outlook

The Baltic insurance market is projected to experience moderate growth in 2025, supported by a gradual economic recovery, declining inflation, and lower interest rates. While 2025 is expected to be a transitional year, full stability has yet to be achieved.

Geopolitical uncertainties remain a key risk factor, with concerns over regional stability and regulatory changes, including changes in tax regimes, influencing market dynamics and consumer behavior. Additionally, salary inflation is expected to remain elevated due to a growing shortage of skilled labor, driven by demographic shifts, an aging workforce, and increased cross-border employment by companies in higher-cost EU nations. Despite these challenges, the market remains resilient, with insurers demonstrating adaptability to evolving conditions.

In this dynamic environment, frequent reassessment and adjustment of pricing strategies will be necessary to maintain a balance between risk management and customer value. Policy and customer growth are expected to remain moderate in 2025, primarily driven by changing consumer behaviors and a modest increase in demand for insurance products, with repricing playing a secondary role.

At the same time, there is a growing shift toward environmentally friendly and socially responsible products, which are steadily gaining traction among consumers. The increasing focus on sustainability is influencing purchasing decisions, reflecting broader market trends. If is well-positioned to navigate these evolving dynamics and respond effectively to changing customer expectations.

Overall, the Baltic insurance market is poised for steady growth in 2025, supported by evolving consumer preferences, moderate demand increases, and the need for strategic adaptability amid economic fluctuations, geopolitical uncertainties, and broader socioeconomic trends. In line with overall market trends, If is expected to maintain premium growth in 2025 and remains fully prepared to ensure business continuity while upholding high standards of customer service.

# Notes to the interim financial statements

#### Note 1. Accounting policies

#### 1. Basis of preparation

This interim report has been prepared in conformity with the IAS 34 "Interim Financial Reporting" requirements for condensed interim financial statements.

The If P&C Insurance AS annual report for the financial year ended 31 December 2024 was prepared in conformity with the IFRS and the interpretations issued by IFRIC, which have been approved by the EU. The applied standards and interpretations are described in Company's accounting policies for the financial year 2024. The financial statements are available on Company's website at www.if.ee.

The accounting policies for the Company that have been applied in this Interim report are the same as those applied in the 2024 Annual Report.

The totals in tables and statements in the interim report may not always reconcile due to rounding. The aim is for each line item to correspond to the source and therefore rounding differences may arise in totals.

### Note 2 Financial investments IFRS 9

The recognition of financial assets depends on their classification. The classification of assets categorized in accordance with IFRS 9 is shown below.

| Thousand EUR  | Acquisition<br>value<br>2025<br>Mar 31 | Fair value<br>2025<br>Mar 31 | Carrying<br>amount<br>2025<br>Mar 31 | Acquisition<br>value<br>2024<br>Dec 31 | Fair value<br>2024<br>Dec 31 | Carrying<br>amount<br>2024<br>Dec 31 |
|---|--|------------------------------|--------------------------------------|--|------------------------------|--------------------------------------|
| Financial assets at fair value through profit or loss       |  |                              |                                      |  |                              |                                      |
| Bonds and other interest-bearing securities                 | 362,327                                | 365,265                      | 365,265                              | 341,785                                | 345,829                      | 345,829                              |
| Total financial assets at fair value through profit or loss | 362,327                                | 365,265                      | 365,265                              | 341,785                                | 345,829                      | 345,829                              |

The fair value is only shown for disclosure purposes. Financial instruments with fair value information are classified in three different hierarchy levels depending on their liquidity and valuation methods.

#### Financial investment assets in fair value hierarchy

|   | 2025    |         |                     | 2024    |         |                     |
